**ANNUAL REPORT OF THE
MEDICAL OFFICER OF HEALTH**

TO:

The Chairman and Members of the Stokesley Rural District Council.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present my Annual Report for the year ending 31st December, 1969.

In June the new Health Centre at Stokesley was opened. This is the first centre of its kind in the North Riding and is proving highly successful providing as it does, both General Practitioners and Local Health Authority services in the same building. Plans are being drawn up for another Health Centre at Great Ayton but the work has not yet commenced.

There are no special features in the statistical section to which I have to draw your attention.

I should like to take this opportunity of thanking the Chairman and Members of the Health Committee and the Council's Officers, especially Mr. Fall and his staff for their help and co-operation during the year.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient servant,

P. S. R. BURRELL,

Medical Officer of Health.

**ANNUAL REPORT OF THE
CHIEF PUBLIC HEALTH INSPECTOR**

To the Chairman and Members of the Council,

I have pleasure in presenting the Annual Report on Environmental Hygiene in your area for the year ending 31st December, 1969, and take this opportunity to express my gratitude to the Council for their continued support.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient Servant,

J. FALL,

Chief Public Health Inspector.

Sanitary Circumstances of the Area

1. (i) WATER:

Bilsdale, and parts of Ingleby Arncliffe, Ingleby Greenhow, Little Ayton and Whorlton are supplied by private water schemes. The remainder of the District is served by Tees Valley and Cleveland Water Board.

The spring supplies and treatment plants, previously owned by the Rural District Council near Ingleby Greenhow, Kildale, Carlton and Scugdale, are still being used by the Water Board.

PUBLIC CLEANSING

Weekly collection of refuse from almost all dwelling houses continued during the year.

Outlying premises and many isolated farms are served fortnightly, monthly, or by mutual agreement.

Three Karrier "Fore and Aft" tipping vehicles and a staff of 15 men are used for collection and a fourth vehicle is held in reserve. Two additional men are employed as holiday and sickness relief.

REFUSE DISPOSAL

The refuse tip at Rye Hill, Great Ayton, was used until mid August. It was then completely covered with soil and graded to fit in with the surrounding land.

Aireyholme Quarry was used as a refuse tip from mid August and every reasonable effort was made to cover refuse.

SPECIAL COLLECTIONS OF REFUSE

With the increase in "supermarket" types of businesses, it is becoming much more difficult to give a collection service for a small charge. If this trend continues, it may be necessary to separate shop collections from normal household collection and charge the full cost of the special service to the traders.

SLAUGHTERHOUSES:

The Council continue to lease the other five premises (one at each of the following villages)—Stokesley, Great Ayton, Ingleby Greenhow, Hutton Rudby and Ingleby Arncliffe and operate these as public slaughterhouses.

The five premises are registered with the Meat and Livestock Commission and a levy of 4/- per head for cattle, 1/- for calves, 1/9d. for pigs and 4d. for sheep has to be paid to the Commission. The cost of this levy is recovered from individual butchers.

MEAT INSPECTION:

The Inspectors continued to meet the requirements of individual butchers and maintain 100% inspection by working outside normal working hours, particularly on Bank Holidays. This prompt service and the department's approach to meat inspection over the years seems to have created a great deal of faith in the inspection amongst the local butchers. In place of the opposition and dissatisfaction met years ago, there is now a genuine desire to ensure that meat and offal are in perfect condition before it is offered to the public.

Fees for inspection and marking continued at the rate of 2/6d. per head for cattle, 9d. for calves and pigs and 6d. for sheep, and your Inspectors collected £526/0/6 during the year.

The number of animals slaughtered and inspected in the slaughterhouses since 1954 is as follows:

| | | Cattle | Calves | Sheep | Pigs | Total |
|-------------------|------|--------|--------|-------|-------|-------|
| 1954 (six months) | | 1354 | 259 | 4555 | 1625 | 7793 |

OTHER FOODS:

Routine inspections were carried out during the year.

FOOD AND DRUGS ACT, 1955, SECTION 16:

During the year, two licences were issued to retail ice cream. The premises were inspected and the condition of the licence was that the ice cream be prepared and sold from an approved refrigerator.

LICENSED PREMISES:

There are 53 licensed premises in the area, most of them completely satisfactory, with washing facilities and the necessary sanitary accommodation for both tenants and visitors.
